For a Nation to Rejoice

Dated: 14th November, 2015

To,
Shri Uday Nayak,
Asst Commissioner of Police
Mangaluru City Traffic Sub-division

Sub: Unscientific speed-breaker and sign board

Respected Sir,

Part I

Drawing your kind attention towards the unscientific speed-breaker placed at the following points as below

1. Located on Balmatta road near Sahodaya Hall.
2. Near Kaprigudda Men's Hostel on the inner road moving towards KMC attavar, 2 speed breakers exist at a distance of 20 metres each and near a turn which is deeply unscientific.

Request to you spot visit the place and order for removal of the same, and if during evening hours, I will be happy to accompany you.

Part II

1. The road towards Melina Mogeru at Falnir(next to SL Mathias Road) has no sign board on either sides of it, this has caused great confusion among visitors. I have long submitted a petition with signatories of residents in the locality regarding the same to MCC Commissioner, but no action has been taken so far. As direction of roads also comes under the purview of Traffic, I request your kind office to put sign boards without further delay. The spot of the sign board I have already identified and will be happy to show you during the visit.

With best regards,

Yours sincerely,

Dr Edmond Fernandes

CC: DCP Crime and Traffic/MCC Commissioner
